~~~ RESERVATION FORM ~~~

Welcome! The Valley Rico Cemetery is very old and historic, yet we do have “plots” for purchase, similar to many modern cemeteries. We use a 10' x 10' grid system that can be navigated on the ground and from our website, ValleyRicoCemetery.com. You must make all arrangements and pay for all expenses of interment, so ashes are preferred. (Also, our grounds are very rocky, so it is a lot easier to place a marker and ashes than it is for a full casket burial.) We are here to help, though, and we also need your vital information so that we can include you on our website and maintain your site at the cemetery. Please contact us with any questions you have.
